

Hi Claire,

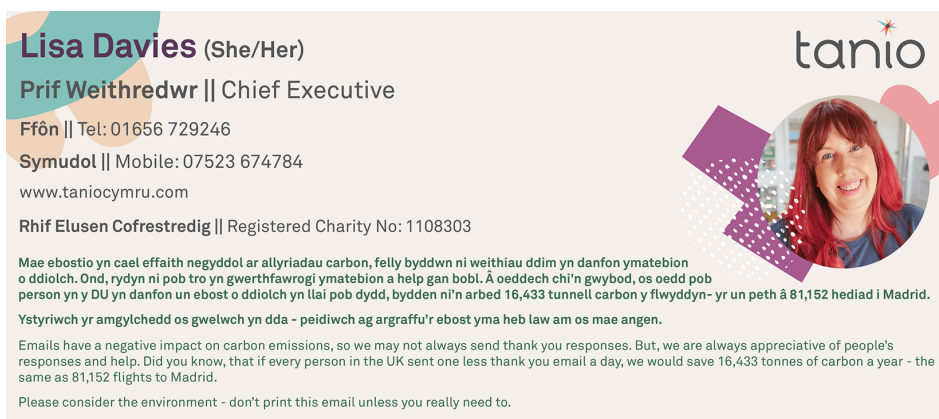

I am writing in support of your application to ACW.

Tanio have been working closely with Awen for 2 years delivering our Breathing Space project. The partnership allows us to continue to offer support to our communities helping participants wellbeing and tackling social isolation, particularly in post covid times. Any investment from ACW would allow this partnership to develop and grow enabling both organisation to reach more people, have positive impacts on their wellbeing and continue to offer high quality arts engagement and interventions.

In these times of uncertainty, with the cost of living crisis and health inequalities, knowing that Breathing Space sessions will go ahead week after week is essential for many people – and this becomes very difficult to sustain without the relationship and collaborative work we do with Awen.

Diolch,

Lisa

Mae ebostio yn cael effaith negyddol ar allyriadau carbon, felly byddwn ni weithiau ddim yn danfon ymatebion o ddiolch. Ond, rydyn ni pob tro yn gwerthfawrogi ymatebion a help gan bobl. A oeddech chi'n gwybod, os oedd pob person yn y DU yn danfon un ebost o ddiolch yn llai pob dydd, bydden ni'n arbed 16,433 tonnell carbon y flwyddyn- yr un peth â 81,152 heddiad i Madrid.  
Ystyriwch yr amgylchedd os gwelwch yn dda - peidiwch ag argraffu'r ebost yma heb law am os mae angen.

Emails have a negative impact on carbon emissions, so we may not always send thank you responses. But, we are always appreciative of people's responses and help. Did you know, that if every person in the UK sent one less thank you email a day, we would save 16,433 tonnes of carbon a year - the same as 81,152 flights to Madrid.

Please consider the environment - don't print this email unless you really need to.
